

## Press Release:

New CD / LP

Lars Ante Kuhmunen with a new CD and LP "Somás muittut"

Lars Ante is from Kiruna and is a reindeer herder. He began his singing career already 5 years old with yoik performances for family and friends. His first public performance when he was 12 years old. Since then he has made countless appearances both at home and abroad. His first album he made in 2005, "Birrasis" which he got the "Folkelarm prisen" the Norwegian folk music award for and very good reviews from the press. Now in these days Lars Ante launches a new CD, but this time as a singer. With the self-written lyrics and melodies wrapped in 60-70 style produced and arranged by the critically acclaimed master producer Tobias Fröberg, and also with the track "No Ale" as a foundation for cooperation with Johnossi. The product has become a rough and "catchy" record with strong political lyrics as well as subtle and poetic lyrics. In vogue CD in orthodox costume and with phenomenally good sound production both for the growing generation and for those who let themselves be seduced in nostalgia spirit. This is a record with warm recommendations. A record with a complete and thoroughly worked through style.
